Parents in Thane city are being increasingly persuaded by children to go in for Cosmetic Surgery DNA Destination Dombivali-Kalyan

New trends in cosmetic surgery have caught the fancy of youngsters in Thane city who are now goading their parents to go for it in order to improve their quality of life, claim local doctors.

According to doctors, the older people are less aware about the availability of world-class cosmetic treatments and their affordability in India, and especially in the twin cities. Dr Mohan Thomas, senior cosmetic surgeon said, "We have seen the youth bringing their parents for discussion about the improvements possible so that they come up in their career. These youngsters also have great knowledge about the procedures that have to be followed."

However, informing about the usual treatments for which elders approach, he added,"The usual requirements for the parents is abdominal shaping as the mothers have gone through pregnancy and fathers need to lose weight because of associated medical problems. If parents plan a new innings, they also discuss the need for facial rejuvenation surgery."

"We saw a 57-year-old mother with her 32-year-old daughter who had come for discussion regarding contouring of their abdomen.The mother worked with a domesticairlines company, while the daughter worked as a cabin crew with an international airline company. The mother underwent surgery around a month ago and is happy to wear all her old dresses even at this age,"said Dr Thomas, while citing a case history. He has, in the last one month seen at least for...
